

**MATH 2200**  
**MWF 9:05-9:55**  
**Fall 2002**  
**Chad A. Mullikin**

**General Information :** Lectures will be held MWF at 9:05 am in the Life Sciences Building room #C130. There will be some class time allowed for solving problems. However, it may be the case that this is not sufficient. If you need more help you are *encouraged* to come talk to me during my office hours. My office hours will be MWF from 10:10-11:10 am (or by appointment).

**Contact Information :**  
e-mail : chadm@math.uga.edu  
Web Page : [http://www.math.uga.edu/~chadm/uga\\_courses/calci/fall02](http://www.math.uga.edu/~chadm/uga_courses/calci/fall02)  
Office : Boyd 434E

**Textbooks :** The text for this course is:  
CALCULUS Early Transcendentals Version by C. H. Edwards and D. E. Penney, 6<sup>th</sup> Edition

**Homework and Tests :** It is critically important that a student of mathematics work problems. Simply following along in class is rarely sufficient. At the beginning of each week I will post homework on my web page that will be collected on the following Monday. From this homework set I will select several problems (about 4 or 5) that will be graded. Since you will not know which problems will be graded it is important to work all of them. If you have any questions please feel free to email me or see me in my office hours. If you can not make my scheduled office hours then let me know and we will try to set up an alternate time.

There will be four closed book in class exams as well as a cumulative final examination. You may use a scientific calculator on each exam. Calculators that perform symbolic manipulation or that are programmable are *not* allowed. The tentative dates for these exams are as follows.

**Test 1: September 13<sup>th</sup> 2002**

**Test 2: October 4<sup>th</sup> 2002**

**Test 3: October 25<sup>th</sup> 2002**

**Test 4: November 15<sup>th</sup> 2002**

**Final Exam: December 11<sup>th</sup> 2002 8:00 - 11:00 am**

*Any student with a valid excuse for missing an exam must obtain permission to reschedule well before the examination date. Please let me know of any conflicts immediately. Homework is to be put on the desk in the classroom at the **beginning** of the class they are to be collected. Homework will not be accepted late for any reason.*

**Attendance :** There is no requirement to attend class. However, you are responsible for all material and announcements that are given in class.

**Academic Honesty :**“All students are responsible for maintaining the highest standards of honesty and integrity in every phase of their academic careers. The penalties for academic dishonesty are severe and ignorance is not an acceptable defense.”

See [http://www.uga.edu/ovpi/academic\\_honesty/culture\\_honesty.htm](http://www.uga.edu/ovpi/academic_honesty/culture_honesty.htm) for details. Take special note of sections 5 and 7.

**Grading :** The assignments are weighted as follows:

Tests :35%

Homework :35%

Final Exam :30%

Letter grades are awarded according to the following:

$90 \leq \mathbf{A}$

$80 \leq \mathbf{B} < 90$

$70 \leq \mathbf{C} < 80$

$60 \leq \mathbf{D} < 70$

$\mathbf{F} < 60$
